

# --ORDER FORM--

## Get dental care during pregnancy... for you and your baby.

Pregnant women with dental problems can have premature or low birth weight babies.

**Medi-Cal** now covers basic dental services for pregnant women (even if you have "pregnancy only" Medi-Cal).

To find a dentist, call:

**1-800-322-6384**

[www.denti-cal.ca.gov](http://www.denti-cal.ca.gov)

Partially funded by Maternal & Child Health & research supported by a grant from UniHealth Foundation, a non-profit philanthropic organization whose mission is to support and facilitate activities that significantly improve the health and well-being of individuals and communities within its service area.

*If you have problems getting dental care, call:*

Health Consumer Center :  
**1-800-896-3203**

Maternal & Child Health Access:  
**213-749-4261**

To request a full-color (18" w x 24" h) poster in English or in Spanish, please fill out this form and indicate the **QUANTITY** and languages needed.  
Fax your request to (213) 745-1040

**A \$10 donation for mailing costs would be appreciated**
