

MEDI-CAL & MEDI-CAL ACCESS PROGRAM (MCAP)

REPORT YOUR PREGNANCY TO THE COUNTY!
THIS WILL ENSURE YOUR MEDI-CAL COVERAGE FOR
12 MONTHS POST-PREGNANCY

HAVE YOU BEEN PREGNANT ANY TIME IN THE LAST 12 MONTHS?

If you were pregnant at any time in the last 12 months with Medi-Cal coverage, your Medi-Cal should continue during the pregnancy and 12 months post-pregnancy. No matter how the pregnancy ends, birth, miscarriage, delivery or abortion. You are covered for medically necessary care, including dental and mental health. Immigration status doesn't matter! No one should lose their Medi-Cal or MCAP coverage.

But DPSS has to know you are pregnant!

Tell them as soon as possible so they can set the calendar for your renewal at one year AFTER your pregnancy ends. You should not have to renew your Medi-Cal during or after your pregnancy if DPSS knows.
