Election Updates - Health Care

Learn more: Health Access has put together a fact sheet about what is at risk for health care. It details the millions of Californians who could lose coverage, and the billions of dollars at stake for California.

Continue to enroll: In these tough times, make sure you, your friends, and your family practice self-care and get insured. Take advantage of open enrollment to get coverage through Covered California or Medi-Cal.

Tell us your story: We continue to collect stories about how you or a loved one has benefited from the Affordable Care Act, Medi-Cal, or any other public health care program. [Please fill out our survey and share your story.](https://www.surveymonkey.com/r/ShareYourACAStory) <https://www.surveymonkey.com/r/ShareYourACAStory>

Take action: Join us for a rally to Protect California's Health Care in Los Angeles on Tuesday, November 15, 2016 at 11:00am (SEE FLYER HERE). Additional events will be scheduled in the coming months.

Join the discussion: You are invited to Health Access' 30th Anniversary event on December 13, 2016 in Sacramento. The focus will be on how to protect California's progress on health care and health reform.

Election Updates - Immigration issues

See flyers – note: NILC's DACA disclaimer from their website <https://www.nilc.org/issues/daca/> is: **If you do not currently have DACA and are considering whether to apply for it for the first time, we recommend that you not do so at this time.** If you already have DACA and are considering whether to apply to renew it, immigration authorities already have the information on your original application, so there is less risk in submitting the renewal application."
