*As of January 2015, California law obligates health insurers to honor a Confidential Communications Request (CCR) when the CCR requests that "sensitive services" information, as defined in the law, be kept from the policyholder, or when the CCR requests confidentiality of all health service information because disclosure of the information to the main policy holder could lead to harm or harassment. Under California law, when a CCR is submitted, health insurers must send communications directly to the insured individual noted above and NOT the holder of the policy. To comply with California law, health insurers must implement CCRs within 7 days of their receipt by electronic transmission or 14 days of receipt by first class mail. See Cal. Civ. Codes 56.05 and 56.107 and Cal. Insurance Codes 791.02 and 791.29.
