Don't know!

11:22:44 From Llanet Zamora to Everyone:  
Replying to "Children are being assigned to different providers...":  
I see this very often. I work with enrolling patients into plans, apply for MC, and cov ca, assist with PCP changes. I assist mothers to do PCP changes maybe once a week for newborns being assigned to different providers even when the mothers are our patients. Sometimes it is not an issue when calling the plans but sometimes the reps give us a very hard time to make any changes.
