	+Pregnant woman or adult & child use: \$750, 2 adults use: \$934.			+New Non-MAGI Income limits are effective 4/1/21					*Tax Credits are available at higher incomes to ensure premium doesn't exceed 8.5% of household income

PROGRAM NAME	INCOME LIMITS AND COSTS
*MAGI MEDI-CAL FOR ADULTS	Modified Adjusted Gross Income (MAGI) Medi-Cal for Adults covers parents, caretaker relatives and adults who qualify under the new Medicaid Expansion category up to 138% FPL. Disabled individuals may qualify for either MAGI Medi-Cal for Adults or Aged and Disabled Medi-Cal. The term MAGI is used both as a methodology for calculating income and also for a grouping of Medi-Cal programs that use MAGI income counting rules.
MAINTENANCE NEED (MNL) NON-MAGI MEDI-CAL	Medi-Cal allows families a portion of their income for living expenses, called the Maintenance Need Level (MNL). Once other eligibility requirements are met, family size and income determines if family members can get Medi-Cal at no cost or with a Share-of-Cost (SOC). MNL determines the amount of SOC.
MEDI-CAL TARGETED LOW-INCOME CHILDREN'S PROGRAM (TLICP)	Medi-Cal for children up to 266% FPL. Children eligible for this program with income above 160% of FPL will be required to pay a monthly premium. MCAP-linked infants are automatically eligible for TLICP Medi-Cal at birth and through the second year of age, with family income up to 322% FPL.
**2021 AGED & DISABLED NON-MAGI MEDI-CAL	People who are 65 and over, or people who meet the Social Security definition of disabled can qualify for this program if their countable income (income after allowed deductions) is less than \$1,564 for an individual or \$2,106 for a married couple (if both apply). All Supplemental Security Income (SSI) recipients qualify for Medi-Cal. NOTE: 2021 numbers are in effect until April 1, 2022: \$1,482 for an individual and \$2,004 for a couple.
BREAST/CERVICAL CANCER	Men or women diagnosed with breast cancer or women diagnosed with cervical cancer can qualify for this Medi-Cal program if income is below 200% FPL.
