11:07:35 From egaytan to Everyone:
Hello, I had a newborn patient born 12/29/2024 that had their active medi-cal however it stated that he was assigned to a health plan with a different PCP. (We needed to assist with PCP transfer to provide care) When I called their plan, they stated member was not in their system and we had some trouble to have them "manually" add into their plan. they had to verify with their supervisor to be able to add into their portal. Do you know how soon the different health plans have to add newborns into their system?

11:08:09 From egaytan to Everyone:
yes
