PROGRAM NAME	INCOME LIMITS AND COSTS
*MAGI Medi-Cal	Modified Adjusted Gross Income (MAGI) Medi-Cal for Adults covers parents, caretaker relatives and adults who qualify up to 138% FPL. The term MAGI is used both as a methodology for calculating income and for a grouping of Medi-Cal programs that use MAGI income counting rules.
Maintenance Need Level (MNL) Non-MAGI Medi-Cal	Medi-Cal allows families a portion of their income for living expenses, called the Maintenance Need Level (MNL). Once other eligibility requirements are met, family size and income determine if family members can get Medi-Cal at no cost or with a Share-of-Cost (SOC). MNL determines the amount of SOC.
Medi-Cal, Targeted Low-Income Children's Program	Medi-Cal for children up to 266% FPL. MCAP-linked infants are eligible for TLICP Medi-Cal at birth and through the second year of age, with family income up to 322% FPL.
Aged (over 65) & Disabled Non-MAGI Medi-Cal	People who are 65 and over, or people who meet the Social Security definition of disabled can qualify for this program if their countable income (income after allowed deductions) is less than \$1,801 for an individual or \$2,433 for a married couple (if both apply). Note: 2025 numbers are in effect through March 31, 2025: \$1,801 for an individual or \$2,433
Medi-Cal, Breast and Cervical Cancer Treatment Program	Men or women diagnosed with breast cancer or cervical cancer can qualify for this Medi-Cal program if their monthly income is below 200% FPL: Less than \$2610 for an individual and less than \$ 5360 for a family of 4.
